OHKURAEN®

Profile

MAD IN JAPAN
All green tea from OHKURAEN® is processed by deep steaming method.

We inspect the tea leaves on our own Near Infrared Ray Components Analysis Method.
OHKURAEN® is the only green tea maker that produces the products through the result from scientific analysis, roasting by our own method according to the components of the tea leaves.

1. Green tea leaves picked in spring
2. Green tea leaves picked in summer
3. Green tea leaves picked in autumn
4. Premium teabags
5. Cold tea teabags
1. Deep steamed green tea picked in spring are full of Vitamin-C and amino acid.

- **Vitamin-C deficiency disease**
  Vitamin-C deficiency causes fatigue and immune deficiency resulting in catching a cold or suffering from infectious diseases. A long term Vitamin-C deficiency causes scurvy, osteoporosis, and loss of appetite.

- **Effect of Vitamin-C**
  Vitamin-C can help maintaining strong blood vessels, muscles, and bones.

- **Beautiful fair skin effect**
  By intaking Vitamin-C, you can expect maintaining healthy and translucent skin. It helps the composition of collagen and prevents wrinkles and speeds up the healing of the cuts and burns.

- **Strengthen the immune system**
  Vitamin-C can strengthen the immune system and prevent catching a cold. Even if you catch a cold, Vitamin-C can help recovering quickly. Vitamin-C can also activate enzymes in your liver and help detoxifying effect. It can be used as a specific medicine for viral hepatitis (hepatitis B and C).

- **Alleviate your stress**
  Abundant Vitamin-C is consumed in your body under mental stress, in coldness and hotness, during lack of sleep, in noise, during smoking and in other circumstances. It is important to take plenty of Vitamin-C if you are working in a very stressful environment.

- **Prevent/ameliorate cataracts**
  Anti-oxidative effect of Vitamin-C can prevent cataracts which are caused by reactive oxygen.

- **Prevent anemia**
  Vitamin-C enforces iron helping it to be absorbed easily in your body. For this reason, it can prevent anemia.

**OHKURAEN®**
2. Deep steamed green tea picked in summer is full of catechin.

- **Prevent arteriosclerosis and other heart diseases**
  Green tea catechin works to normalize lipids in blood and prevents forming blood clots.

- **Anti-cancer effect**
  When a normal cell divides, a gene is damaged by carcinogenic substances and mutation happens. The mutated cell is a cancer which keeps growing without restoring to normal cells. It is said that green tea catechin is able to suppress this cancertation.

- **Prevent hypertension and diabetes**
  Green tea catechin is known to prevent hypertension and diabetes. It is said to suppress hyperglycemia.

- **Bactericidal action**
  Green tea catechin provides bactericidal action. Sterilizing your mouth can prevent cavities. Furthermore, it has antiviral effect for prevention of viral infectious diseases such as influenza or the hepatitis.

- **Dieting and beautiful skin effect**
  Green tea catechin has strong antioxidant effect to prevent aging of cells. It is also effective in promoting metabolism of sugar and adipose which are the cause of obesity and diabetes. Therefore it works to prevent becoming obese.

- **Hangover remedy**
  Green tea catechin and caffein work to break down acetaldehyde that causes the hangover. It accelerates the body metabolism and discharges the alcohol out of your body.
3. Deep steamed green tea picked in autumn is full of polysaccharide.

<table>
<thead>
<tr>
<th>Green tea polysaccharide (polysaccharides arabinose•ribose•glucose) effect</th>
</tr>
</thead>
<tbody>
<tr>
<td>Polysaccharide works to suppress hyperglycemia just like how insulin works. As it is vulnerable to heat, the tea should be extracted by cold water and be consumed within 12 hours before the flavor and the effect disappear.</td>
</tr>
</tbody>
</table>

<table>
